Swiss Microscopy Facilities Day

Swiss Microscopy Facilities Day

Microscopy facilities as a gateway: linking academic research and industry

September 18, 2025
09:15 - 18:00

Campus Biotech, Auditorium
Chemin des Mines 9, 1202 Geneva

On September 18, the Wyss Center will host an interactive event showcasing how Swiss microscopy platforms serve as essential catalysts for innovation. This year's edition will highlight the essential role microscopy platforms play in advancing scientific discovery and fostering collaboration between academia and industry. The program will feature stimulating **talks**, industry **pitches**, and **guided visits** to some of the most advanced imaging facilities at Campus Biotech. Don't miss this unique opportunity to network with peers, innovators, and imaging specialists from across Switzerland and beyond!
